

STORE KEEPER – Maldives

We are seeking a highly organized and responsible Store Keeper to manage the inventory and storage operations for the Thermal Energy Power Plant construction/erection project. The role involves ensuring the proper handling, storage, and distribution of materials, tools, and equipment, while maintaining accurate records and adhering to safety standards.

Location: Thermal Energy Power Project – Maldives

Employment Type: Contract Basis

Key Responsibilities:

1. Inventory Management
2. Receiving and Issuing
3. Storage and Handling
4. Procurement Coordination
5. Documentation and Reporting
6. Health, Safety, and Compliance
7. Team Collaboration

Qualifications & Experiences:

- 5+ years of related experience, preferably in thermal energy, power plant projects, or similar industries.
- Diploma or equivalent certification in inventory management is preferred.

Preferred Skills:

- Strong organizational skills and attention to detail.
- Proficiency in inventory management software and MS Office.
- Good communication and interpersonal skills.

Benefits:

- Competitive salary and overseas allowances.
- Accommodation and transportation provided during project tenure.
- Medical and insurance coverage.
- Opportunity to work on an international project with industry-leading technologies.
